The NYU Langone Concussion Center Presents

Head Injuries and Concussion in Sports: What You Need to Know

Tuesday, March 19, 2013 • 6:30pm
NYU Langone Medical Center • Alumni Hall B
550 First Ave at 31st Street • New York, NY

Concussion in sports has taken center stage in the media, bringing attention to the importance of education around recognition and prevention of further injury. Join us for an evening with the experts to listen, learn and ask questions about how to protect our youth athletes.

Who should attend
Athletic Directors, Coaches, Athletic Trainers, School Nurses, School Administrators, School Psychologists, Guidance Counselors, Parents & Student Athletes.

What you’ll learn
• How to protect our youth athletes through prevention – understand safe practices in sports participation
• The details and importance of the New York Concussion Legislation signed into law by Governor Cuomo
• A critical understanding of:
  – Concussion concerns, complications and decreasing risk
  – On-field concussion assessment and the decision-making process
  – “Return to Play” and “Return to Learn” Guidelines
  – The role of rehabilitation as it relates to concussion

Program Agenda
6:30-7:00pm Registration
7:00-8:10pm Presentations
8:10-8:30pm Q&A
8:30-9:00pm Meet the Speakers
