

IMPORTANT INFORMATION: **How the Dance Clinic Works**

Welcome to the *Dance Clinic* of the Harkness Center for Dance Injuries. The clinic is staffed by a team of senior health professionals (orthopaedists, sports medicine physicians, physical therapists, athletic trainers) specially trained in dance medicine. The Harkness Center is part of the NYU Langone Medical Center, a teaching hospital where junior physicians are trained under the supervision and guidance of the senior staff.

You will be evaluated by several medical professionals during your visit to the dance clinic today. First, a junior physician in the NYU Langone Medical Center will interview and examine you. A senior dance physical therapist or athletic trainer may also be present in the room during this examination.

Following this, a senior physician specializing in the treatment of dance injuries (either an orthopaedic surgeon or a sports medicine physician) will evaluate you. This evaluation will often include teaching and discussion with the other clinical staff.

The senior physician will discuss your diagnosis with you and may recommend further diagnostic testing such as x-ray, MRI, or bone scan. A treatment plan which may include home exercises, dance technique modification, physical therapy, bracing, shoe inserts, medication, injection, and/or surgery will be proposed and discussed. Our healthcare team will address all questions and concerns that you have.

Because the Harkness Center for Dance Injuries is recognized globally for its leadership and expertise in the area of dance medicine, we receive requests from healthcare practitioners worldwide to visit and observe our physicians, physical therapists and athletic trainers at work. Therefore, on occasion, there may be medical observers (other than those already mentioned above) present in the exam room. In keeping with the hospital's privacy practices, all persons will be introduced to you and if you wish, you may request that only the NYU Langone Medical Center personnel remain in the room.

The Harkness Center for Dance Injuries is committed to providing you with quality health care from experienced professionals in dance medicine. It is important to us that your injury be thoroughly evaluated and that all of your questions and concerns be addressed. Please keep in mind that this type of comprehensive evaluation takes time. As a result, your visit with us today is likely to take longer than a typical visit to a physician's private office.

If you would prefer a more private or one-on-one evaluation, you may request to be scheduled for an appointment at the senior physician's private office. Please let us know.

Langone Medical Center

NOTICE OF CHARITY CARE and FINANCIAL RELIEF of INABILITY TO PAY FOR CARE

NYU Hospitals Center is proud of its not-for-profit mission to provide quality care to all who need it. Persons shall not be denied admission as a patient on the basis of sex, sexual preference, creed, age, national origin, religion, marital or parental status, handicap, color, or source of payment (within federal and state regulations)

If you do not have adequate health insurance and worry that you may not be able to pay in full for your care, we may be able to help. NYU Hospitals Center provides financial accommodation to patients based on their income, assets, and needs. In addition, we may be able to help you get free or low-cost health insurance or work with you to arrange a manageable payment plan.

It is important that you let us know if you will have trouble paying your bill; federal and state laws require all hospitals to seek full payment of what they bill patients. This means we may turn unpaid bills over to a collections agency, which could affect your credit status.

For more information, please contact our Financial Counseling Office at 1-212-598-6503. We will treat your questions with confidentiality and courtesy.

Applications are accepted via U.S. postal mail or in person. To submit an application in person an appointment is required. Please call Ms. West to arrange an appointment.

Tessa West

HARKNESS CENTER FOR DANCE INJURIES' PATIENT MEDICAL HISTORY FORM

Date: _____ / _____ / _____

Name: _____

Date of Birth: _____ / _____ / _____

Sex: ☐ M ☐ F

Race: ☐ African-American ☐ Asian ☐ Caucasian

☐ Hispanic ☐ Other: _____

Orthopedic History:

CHECK ✓ any orthopedic injury you have had and describe below.

ALSO CIRCLE any injury that caused you to completely stop dance activity, meaning class, rehearsal or performance for two or more days.

☐ Ankle / Foot:

- | | |
|--|--|
| <input type="checkbox"/> arthritis | <input type="checkbox"/> fracture |
| <input type="checkbox"/> impingement | <input type="checkbox"/> morton's neuroma |
| <input type="checkbox"/> os trigonum | <input type="checkbox"/> plantar fasciitis |
| <input type="checkbox"/> sesamoiditis | <input type="checkbox"/> sprain |
| <input type="checkbox"/> stress fracture | <input type="checkbox"/> tendinitis |
| <input type="checkbox"/> other _____ | |

☐ Lower Leg / Shin:

- | | |
|---|---------------------------------------|
| <input type="checkbox"/> compartment syndrome | <input type="checkbox"/> fracture |
| <input type="checkbox"/> myositis | <input type="checkbox"/> shin splints |
| <input type="checkbox"/> stress fracture | <input type="checkbox"/> other _____ |

☐ Knee:

- | | |
|---|--|
| <input type="checkbox"/> arthritis | <input type="checkbox"/> osgood-schlatter's |
| <input type="checkbox"/> bursitis | <input type="checkbox"/> osteochondritis dissecans |
| <input type="checkbox"/> chondromalacia | <input type="checkbox"/> patellar dislocation |
| <input type="checkbox"/> iliotibial band syndrome | <input type="checkbox"/> patella femoral syndrome |
| <input type="checkbox"/> ligament sprain/rupture (ACL, medial collateral) | <input type="checkbox"/> patellar tendinitis |
| <input type="checkbox"/> other _____ | <input type="checkbox"/> torn meniscus |

☐ Thigh:

- | | |
|---|--|
| <input type="checkbox"/> femur fracture | <input type="checkbox"/> stress fracture |
| <input type="checkbox"/> muscle strain / tear | <input type="checkbox"/> other _____ |

☐ Hip / Pelvis:

- | | |
|--|--|
| <input type="checkbox"/> arthritis | <input type="checkbox"/> hip flexor strain |
| <input type="checkbox"/> bursitis | <input type="checkbox"/> labral tear |
| <input type="checkbox"/> dislocation | <input type="checkbox"/> osteitis pubis |
| <input type="checkbox"/> fracture | <input type="checkbox"/> snapping hip |
| <input type="checkbox"/> growth plate injury | <input type="checkbox"/> stress fracture |
| <input type="checkbox"/> other _____ | |

☐ Lumbar-Sacral Spine (low back):

- | | |
|--|--|
| <input type="checkbox"/> arthritis | <input type="checkbox"/> sciatica |
| <input type="checkbox"/> disc herniation/protrusion | <input type="checkbox"/> scoliosis |
| <input type="checkbox"/> facet syndrome | <input type="checkbox"/> spinal stenosis |
| <input type="checkbox"/> fracture | <input type="checkbox"/> spondylolysis |
| <input type="checkbox"/> pinched nerve | <input type="checkbox"/> spondylolisthesis |
| <input type="checkbox"/> sacroiliac sprain / dysfunction | |
| <input type="checkbox"/> other _____ | |

☐ Cervical / Thoracic Spine (neck / mid back)/Ribs:

- | | |
|---|---|
| <input type="checkbox"/> arthritis | <input type="checkbox"/> spinal stenosis |
| <input type="checkbox"/> disc herniation/protrusion | <input type="checkbox"/> spondylolisthesis |
| <input type="checkbox"/> facet syndrome | <input type="checkbox"/> spondylolysis |
| <input type="checkbox"/> fracture | <input type="checkbox"/> thoracic outlet syndrome |
| <input type="checkbox"/> pinched nerve | <input type="checkbox"/> whiplash |
| <input type="checkbox"/> scoliosis | <input type="checkbox"/> other _____ |

☐ Shoulder:

- | | |
|--|--|
| <input type="checkbox"/> acromioclavicular joint sprain/separation | <input type="checkbox"/> impingement |
| <input type="checkbox"/> arthritis | <input type="checkbox"/> labral tear |
| <input type="checkbox"/> bursitis | <input type="checkbox"/> mechanical instability |
| <input type="checkbox"/> dislocation/subluxation | <input type="checkbox"/> rotator cuff tear |
| <input type="checkbox"/> fracture | <input type="checkbox"/> scapulo-thoracic dyskinesia |
| <input type="checkbox"/> other _____ | <input type="checkbox"/> tendinitis |

☐ Elbow / Wrist / Hand:

- | | |
|---|---|
| <input type="checkbox"/> arthritis | <input type="checkbox"/> sprain |
| <input type="checkbox"/> carpal tunnel syndrome | <input type="checkbox"/> tendinitis |
| <input type="checkbox"/> dislocation | <input type="checkbox"/> torn cartilage |
| <input type="checkbox"/> fracture | <input type="checkbox"/> ulnar neuritis |
| <input type="checkbox"/> osteochondritis (bone chip in joint) | <input type="checkbox"/> other _____ |

Give dates and explain treatments for any items checked from the above. _____

☐ Yes ☐ No Have any of the above injuries required x-rays, MRI, CT scan, injections, physical/occupational therapy, a brace, a cast, or crutches?

If yes, please state which injuries and tests and give dates:

☐ Yes ☐ No Do any of the above injuries still bother you?

If yes, describe:

Medical History: Check below any medical conditions that you have been diagnosed with:

- | | |
|--|--|
| <input type="checkbox"/> ADHD (Attention Deficit Hyperactivity Disorder) | <input type="checkbox"/> H IV/AIDS |
| <input type="checkbox"/> Anemia | <input type="checkbox"/> Hormonal imbalance/Thyroid condition |
| <input type="checkbox"/> Asthma | <input type="checkbox"/> Enlarged spleen |
| <input type="checkbox"/> Atlantoaxial instability | <input type="checkbox"/> Heart murmur |
| <input type="checkbox"/> Concussion; loss of consciousness | <input type="checkbox"/> Hepatitis |
| <input type="checkbox"/> Connective tissue/rheumatologic disease | <input type="checkbox"/> Herpes or MRSA infection |
| <input type="checkbox"/> Depression | <input type="checkbox"/> High blood pressure |
| <input type="checkbox"/> Diabetes | <input type="checkbox"/> High cholesterol |
| <input type="checkbox"/> Difficulty controlling bowel | <input type="checkbox"/> Kawasaki disease |
| <input type="checkbox"/> Difficulty controlling bladder | <input type="checkbox"/> Mono (infectious mononucleosis) |
| <input type="checkbox"/> Easy bleeding | <input type="checkbox"/> Osteopenia or osteoporosis |
| <input type="checkbox"/> Heart infection/Endocarditis | <input type="checkbox"/> Numbness, tingling, or weakness in arms |

Did you have to stop dancing because of any medical conditions you checked in the medical history boxes at left? ☐ Yes ☐ No

Give dates and treatments for any of the checked items:

Which, if any, of the checked conditions are ongoing?

☐ Yes ☐ No Have you ever been hospitalized?

If so, describe and give date(s): _____

☐ Yes ☐ No Have you ever had surgery?

If so, describe and give date(s): _____

Do you take any medications or supplements?

- | | | |
|--|--|---|
| <input type="checkbox"/> None | <input type="checkbox"/> Prescription medication | <input type="checkbox"/> Over-the-counter medication (non-prescription, e.g. Advil) |
| <input type="checkbox"/> Calcium supplements | <input type="checkbox"/> Daily vitamin | <input type="checkbox"/> Herbal supplement/tea |
| | | <input type="checkbox"/> Other |

If so, please list: _____

Do you have any allergies?

- | | | | | | |
|-------------------------------|-------------------------------------|---|-------------------------------|--|--------------------------------|
| <input type="checkbox"/> None | <input type="checkbox"/> Medication | <input type="checkbox"/> Stinging insects | <input type="checkbox"/> Food | <input type="checkbox"/> Environmental | <input type="checkbox"/> Other |
|-------------------------------|-------------------------------------|---|-------------------------------|--|--------------------------------|

If so, please list all allergies and reaction to allergen(s): _____

Family History:

Has anyone in your family been diagnosed with a medical condition?

- | | |
|--|--|
| <input type="checkbox"/> Arthritis | <input type="checkbox"/> Pacemaker/implanted defibrillator |
| <input type="checkbox"/> Diabetes | <input type="checkbox"/> Psychological |
| <input type="checkbox"/> Cancer | <input type="checkbox"/> Seizure |
| <input type="checkbox"/> Heart problem | <input type="checkbox"/> Stroke |
| <input type="checkbox"/> High blood pressure | <input type="checkbox"/> Unexplained fainting |
| <input type="checkbox"/> Osteoporosis | <input type="checkbox"/> Other _____ |

Give details for any items to the left checked:

Has any family member died of heart problems or had an unexplained sudden death before age 50? ☐ Yes ☐ No

General Health:

Please rate your health: ☐ Excellent ☐ Good ☐ Fair ☐ Poor

What is your height and weight? _____ Feet _____ Inches _____ Pounds

☐ Yes ☐ No Do you currently smoke tobacco? If so, how many cigarettes/cigars per day? _____

How many alcoholic drinks do you have per week on average? (one beer/glass of wine equals one drink) _____

☐ Yes ☐ No Have you ever felt you need to cut down on your drinking?

Are you on a special diet or do you avoid certain types of foods? ☐ Vegetarian ☐ Vegan ☐ Other _____

☐ Yes ☐ No Do you worry about your weight? If you are not satisfied with your weight, what is your ideal weight? ____ lbs

Has anyone recommended that you gain or lose weight?

☐ Dance teacher/director ☐ Family member ☐ Doctor/medical professional ☐ Peer
☐ No one has recommended weight change ☐ Other _____

☐ Yes ☐ No Does your weight often fluctuate by more than 10 lbs?

☐ Yes ☐ No Have you ever had an eating disorder?

Are you interested in nutritional counseling? ☐ Yes ☐ No

On a typical day, how many hours do you sleep? _____ hours

☐ Yes ☐ No Do you feel that this amount is not adequate for you?

☐ Yes ☐ No Do you have difficulty falling asleep, difficulty staying awake in the daytime, have loud snoring/gasping to breathe when asleep or have trouble with nightmares or epic dreams?

☐ Yes ☐ No Have you had any major life changes during the past year?

☐ Yes ☐ No Do you feel stressed out or under a lot of pressure?

Over the past two weeks, how often have you lost interest or pleasure in doing things?

☐ Not at all ☐ Several Days ☐ More than half the days ☐ Nearly every day

Over the past two weeks, how often have you been feeling down, depressed, or hopeless?

☐ Not at all ☐ Several Days ☐ More than half the days ☐ Nearly every day

☐ Yes ☐ No Do you have any changes in bowel or bladder function (i.e. increased frequency or control)?

☐ Yes ☐ No Do you experience bowel/bladder leaking with coughing, sneezing, or jumping?

☐ Yes ☐ No Do you have any sensation changes in your genitalia (the area which would come in contact with a bicycle seat)?

Women:

Age of first menstrual period: _____

☐ Yes ☐ No Is your menstrual period irregular (does not occur every 28-35 days)?

If yes, what is the time period between cycles (days)? _____

☐ Yes ☐ No Has your menstrual period been irregular in the past?

If yes, at what age did the irregular pattern exist? _____

How long did the irregular pattern exist? _____

What was the length between cycles? _____

☐ Yes ☐ No Do you use a form of birth control that gives you estrogen supplementation?

Dance History:

Which of the following best describes you?

☐ Choreographer ☐ Professional-track dance student ☐ Professional dancer ☐ Recreational dancer
☐ Teacher ☐ Retired ☐ Other _____

What is your primary type of dance?

- ☐ Ballet ☐ Modern ☐ Musical Theater ☐ Jazz ☐ Hip-hop ☐ African
☐ Tap ☐ Ballroom ☐ Other _____

Name of Primary Dance School or Company: _____

Number of years of professional dancing: _____

At what age did you begin serious dance training? _____

If pointe, at what age did you begin pointe work? _____

How many hours of class do you take in a typical week? ☐0 ☐1-5 ☐6-10 ☐11-15 ☐16-20 ☐ >20

How many hours do you rehearse and perform in a typical week? ☐0 ☐1-5 ☐6-10 ☐11-15 ☐16-20 ☐ >20

How many hours per day do you typically train en pointe? ☐0 ☐1-5 ☐6-10 ☐11-15 ☐16-20 ☐ >20

Do you warm up? ☐ Never ☐ Seldom ☐ About half the time ☐ Usually ☐ Always

If so, what does your warm up consist of? _____

Do you stretch? ☐ Never ☐ Seldom ☐ About half the time ☐ Usually ☐ Always

When do you stretch? ☐ Before dance ☐ During dance ☐ After dance

How do you stretch? ☐ Static (prolonged holds) ☐ Dynamic (through movement) ☐ Ballistic (bounding)

If you do any cardiovascular or strengthening exercise outside of your warm up on a regular basis, please describe:

How many days per week? _____ For how long per session on average (in minutes)? _____

Type of dance shoe(s) worn most often for dance:

- ☐ None ☐ Ballet slippers ☐ Character shoes ☐ Jazz oxfords ☐ Pointe Shoes
☐ Sneakers ☐ Street shoes ☐ Other _____

Do you dance on sprung floor (resilient)? ☐ Never ☐ Seldom ☐ About half the time ☐ Usually ☐ Always

☐ Yes ☐ No Do you have another job to subsidize your dance life?

If yes, how many hours do you work per week? _____

If yes, what are the physical demands of your job? _____

CURRENT Medical Complaint:

Part of body: _____ Development of Injury: ☐ Traumatic / Acute ☐ Slow Onset

Rate your current level of pain (circle one. 0 = no pain; 10 = unbearable pain): 0 1 2 3 4 5 6 7 8 9 10

Date of injury, inability to participate in full dance, or "trigger" (the day you decided to seek care for a slow onset injury):

_____/_____/_____; ☐ Morning ☐ Afternoon ☐ Evening

If you have had this injury before, when did this injury first occur? _____

☐ Dance ☐ Non-dance Was this a dance or a non-dance-related injury?

What did you do for the problem(s)? _____

☐ Yes ☐ No Did the problem(s) get better?

If you waited to seek care, why did you wait? What were your barriers? _____
