

How much do I have to pay?

Discounts are determined based on the income test described above. You can pay as little as \$0 if your income is 600% or less of the Federal Poverty Level (FPL) and meet all the other qualifications for eligibility.

Our Financial Counselor will give you the details about your specific discount(s) once your application is processed.

How do I get the discount?

You have to fill out the application form. As soon as we have the information on your residency, income, and family size we can process your application for a discount.

You can apply for a discount before you have an appointment, when you come to the hospital to get care, or when the bill comes in the mail. Send the completed form to any of the locations listed above.

Patients will have at least two hundred and forty (240) days from the date of service or discharge to apply for financial assistance. Patients will have a least another twenty days from receipt of the application materials from the hospital to provide the information.

How will I know if I was approved for the discount?

The Hospital will send you a letter within 30 days after completion and submission of the application, telling you if you have been approved and the level of discount you qualify for.

What if I receive a bill while I'm waiting to hear if I can get a discount?

You are not required to pay a hospital bill while your application for a discount is being considered. If your application is turned down, the Hospital must tell you why in writing and must provide you a means to appeal the decision to a higher level within the Hospital.

What if I have a problem I cannot resolve with the Hospital?

You may call the New York State Department of Health complaint hotline at 1-800-804-5447.
