Method of engagement (i.e., phone calls, community forums, focus groups, surveys, etc.)	Is this person/organization supportive of this project?	Did this person/organization provide a statement?	If permission is granted to share a statement or quote (250 word max), please include below:
Respondent 001	6/17/2024	residents of the project's service area	Yes	In Person	Yes	No	
Respondent 002	6/17/2024	residents of the project's service area	Yes	In Person	Yes	Yes	It is good for me to bring this location there because it's close to everybody. It's easy for me to deal my kids and my own appointments. Also, I would like to have them there closer and also another specialist. It will be nice for the town and all the people and really happy to have them closer. And it's going to be a good thing to do and be part of this situation, like relocating this office is nice. It's gonna be convenient for all the people.
Respondent 003	6/17/2024	residents of the project's service area	Yes	In Person	Yes	Yes	Yes, I am in agreement with this because there are stores there which makes it easier for me to buy things once I am there for my appointment.
Respondent 004	6/17/2024	residents of the project's service area	Yes	In Person	Yes	Yes	Yes it is a good idea if this place is too small will want it bigger. I think the patient will be happy. So I am thankful.
Respondent 005	6/17/2024	residents of the project's service area	Yes	In Person	Yes	Yes	Ya estoy de acuerdo que se mueve por mis porque, pues, va a haber más facilidad para poder venir a la cita. Por si tenemos un bebé, ya primero podríamos entrar a consultas con el bebé, luego con nosotros, y así no tendríamos que estar un día por 1. Y luego, por el otro, el bebé, y se nos haría más fácil. Translation: I already agree that it is for me because, well, it will be easier to come to the appointment. In case we have a baby, we could first go in for consultations with the baby, then with ourselves, and that way we wouldn't have to be there one day for 1. And then, for the other, the baby, and it would be easier for us.
Patient 006	6/17/2024	residents of the project's service area	Yes	No show (see Notes)			
Respondent 007	6/18/2024	residents of the project's service area	Yes	No show (see Notes)			
Respondent 008	6/18/2024	residents of the project's service area	Yes	In Person	Yes	Yes	[Translated from Hatian Creole by the NYU Language Line Translation Services: Once everything is all together, once all the staff is together is it easier rather than going to multiple addresses for multiple appointments in one day you have them all in one place in one spot.
Respondent 009	6/18/2024	residents of the project's service area	Yes	In Person	Yes	Yes	Sí, estoy de acuerdo que la misma mudanza, porque considero que el lugar va a ser un poco más amplio. Va a ser más cómodo. Vamos a tener más acceso al estacionamiento. y siempre cómo se siente bien realmente Me siento bien como persona, llegar a esta clínica, y si va a ser por una mejoría. No, yo apoyo al 100. / Translation: Yes, I agree with the move, because I consider that the place it's going to be will be a little larger. It will be more comfortable. We are going to have more access to parking. and always how good it really feels. I feel good as a person coming to this clinic, and if it is going to be for an improvement, I support it 100%.

NYULH LI Women's Wellness Clinic - Meaningful Engagement

Respondent 010	6/18/2024	residents of the project's service area	Yes	In Person	Yes	Yes	En cuanto a lo de la mudanza de la clínica, me parece muy bien, porque para mí como vivo cerca, entonces me quedaría más cerca del lugar donde yo vivo para transportarme, además que en la clínica donde llevo mis niños está ahí mismo, entonces ya no tendría que andar en diferentes lugares por mi cita y por mis hijos. Entonces ya así puede hacer citas como para el mismo día, porque estarían en el mismo lugar, solo que trataría de acomodar las horas para la cita de los niños y tanto para las mías. / Translation: As for moving the clinic, it seems very good to me, because for me, since I live nearby, then I would stay closer to the place where I live for transportation, plus the clinic where I take my children is right there, so I would no longer have to go to different places for my appointments and my children's. So now you can make appointments for the same day, because they would be in the same place, only that I would try to accommodate the times for the children's appointment and both for mine.
Patient 011	6/18/2024	residents of the project's service area	Yes	No show (see Notes)			
Respondent 012	6/18/2024	residents of the project's service area	Yes	In Person	Yes	Yes	Como ya le dije, de que me queda más cerca, si me ven en cuenta si me cobran menos. Ya si me vengo caminando también o menos, entonces porque ya hasta acá le cobra más el taxi oro. Entonces ya está ahí, Es un dólar menos. Entonces, para mí, estoy de acuerdo. / Translation: As I already told you, it's closer to me, if they (taxis) take it into account, they charge me less. Now if I come walking, same, it'll be less [to walk]. Because to come to here [current location], the taxi charges more. So to there [new location], it's a dollar less. So for me, I agree [with the move]."
Respondent 013	6/25/2024	public health experts	Yes	Zoom interview	Yes	No	
Respondent 014	6/26/2024	public health experts	Yes	Zoom interview	Yes	Yes	You know, I appreciate that the state and the facility is asking our opinion in the 1st place and I also appreciate in this particular instance, that you know the co-locating of the 2 practices together, and the thoughtfulness of the location, is just like, this is a best case scenario, I think, for any move that might take place. You know it's not moving too far. It's added value. And I just think, I appreciate that NYU has taken the time, I'm sure they thought this out and someone planned it out this way, and I think it's great.
Respondent 015	6/27/2024	public health experts	Yes	Zoom interview	Yes	No
