Method of engagement (i.e., phone calls, community forums, focus groups, surveys, etc.)	Did this person/organization participate in the meaningful engagement?	Is this person/organization supportive of this project?	Did this person/organization provide a statement?	If permission is granted to share a statement or quote (250 word max), please include below:	If permission is not granted to share a verbatim statement, please include a summary of the statement(s) below:
Respondent 001		5/22/2024	organizations representing employees of the Applicant	Social worker	Yes	Zoom interview		yes	yes	I believe the expansion for the PICU will be a great asset to NYU. There is such a need for families to provide care or get care for their children, and with the expansion we will be opening up other beds for families to get appropriate care which is needed in New York City.	
Respondent 002		5/28/2024	community leaders		yes	Zoom interview		yes	no	N/A	
Respondent 003		5/13/24; 5/29/2024	residents of the project's service area							Had interview scheduled and followed up, but did not show for interview	
Respondent 004		5/23/2024	residents of the project's service area			Zoom interview		yes	yes	As a former patient at NYU, and as a member of the Youth Advisory Council, I've been thrilled to see the expansion in the Hassenfeld children's hospital that has been really great for the patients. And with this, I am also excited to see the expansion of the PICU as that will provide a lot of benefits a lot of great new things for patients and their families in these trying times more space. Just more opportunity for good care, and the assurance that the patients get the care they need in tough times.	
Respondent 005		5/24/2024; 5/29/24	residents of the project's service area							Did not respond to outreach	
Respondent 006		5/29/2024	community leaders		Yes	Zoom Interview		yes	yes	I think that the expansion of beds is a good idea if it can allow kids to stay in the PICU a little bit longer if that would stabilize them. I just don't want to see any kids being moved out too soon and have to come back because that is... It's a whole move. It's a whole move on floors. It's a whole move on staffing. It's a lot. And I would say that I'm also in support of the expansion, but only if that means an expansion and staff, because I don't think that Because I think that the nursing team is really cause it's the day to day, minute by minute stuff that helps the family through that they, if anything, expand the nursing. You know you cannot expect those nurses to do more than what they're already doing. They're doing a lot. But yeah, I'm in support of it.	
Respondent 007		5/30/2024	residents of the project's service area		Yes	Zoom Interview		yes	yes	I believe that increasing beds in the in the pick you only increases the ability to treat more kids. If the staff ratio is the same and allows the hospital to help more people, to me, that's a great thing."
